IV. REPORTS

A. Discovery II PSC Report – Ms. McCreary read a written report from Jane Hankins. The PSC welcomed two new members for a total of 12 officers. The school year started with a workday and a back to school brunch. Parent jobs are being assigned and should be filled by August 31. The 2015-2016 event calendar for Discovery II was provided to the Board. New art studio spaces are under construction and after school art exploration and tinker days will continue this year. Parent Education is busy with planning a speaker series, running positive discipline classes and developing a new yard duty system.

B. Financial Update – Cheryl Leong from Edtec presented the updates on the state budget and the forecasts for both campuses. She will report on 2014/2015 final numbers at the next meeting.

C. Superintendent/Executive Director Report

• Homeschool Update – The program opened with 21 students and remaining spots are still being offered.

• Discovery II Facilities – The new modular buildings were delivered late and two classrooms floated between outdoor space, the atrium and a shared classroom for over 2 weeks.

• Staffing – We are interviewing two candidates for the open RSP position at Discovery II.

• The Discovery II Parent Academy 101 meeting will be called a Community Meeting. The content is expected to include a Parking presentation by Officer Mark Alvares, a talk on Reggio Emilia, a preliminary report from the PCSGP audit, a review of the LCAP highlights, a presentation of the Strategic Plan, and an explanation of the Nut Ban.
• The Special Day Class is going well with 5 students at this point. Dale spoke to all charter schools at a recent county meeting to alert them to our program.

• Pedagogy: Dale explained several aspects of the Reggio Emilia program, and highlighted several key books that are available for review. Discovery II teachers have been taking the online courses from Project Zero (Harvard University) on examples of Reggio approaches in the classroom. One aspect of Reggio involves extensive documentation of student observation, which fits with our LCAP. Emergent curriculum, formative assessments and observation are key elements. Three teachers at Discovery I are interested in taking on internships at Opal School to learn more about the Reggio approach.

• Safety Report
  o A student at Discovery II was accidentally hit in the eye on the first day of school by a thrown water bottle. He was taken to the hospital for evaluation but no permanent damage was expected.
  o A Spectrum student broke a Discovery II Classroom window the day before school started. No one was injured.
